Press Release

Bring on the bling with 5 new Stickles™ colors from Ranger! It is the same high quality Stickles Glitter Glue known for its non-settling formula that customers love in the new tones they've been asking for.

Our new colors include **Cinnamon**, a warm glittery brown tone; **Cotton Candy**, a pink that looks as luscious as the sugary confection; **Baby Blue**, a true light blue sparkler; **Gunmetal**, a cool, dark gray metallic; and **Burgundy**, a deep, rich maroon shade to use year-round.

Use Stickles to add dimension and sparkle—easily add dots, lines, doodles and draw on paper, fabric, plastic, wood, metal and more. Add a lot for glitz or a little for elegance—ideal for spicing up decorative scrapbook papers.

Stickles are available in .5 fl. oz. needle-nose-tip applicator bottles. Sold individually or as a display with 6 each of 30 colors, which fit conveniently in a 30-facing wire rack and includes an eye-catching holographic header.

Please visit us at the CHA Summer Show, Booth #2008 for more information. Available August 2007.
